Mississippi Tax Study Hearings
1. Taxes are a significant source of **revenue** for the state and are one of the main sources of funding for key state programs and services.

2. Mississippi's **recessive tax system** adversely affects the state's ability to raise revenue, contributes to disinvestment in our local communities, and worsens existing inequalities amongst the state's residents.

3. Tax cuts that benefit the wealthy harm everyone and everything else. The goal of tax reform in our state should center on **equitable policies** that advance the shared priorities of all Mississippians.
STATE TAX SYSTEMS & ECONOMIC GROWTH

- "...[n]ational and international economy.
- a state's natural resources,
- the education of its workforce,
- the proximity to major markets, and
- the mix of state industries

...are among the major factors that determine the growth of state economies."

STATES WITHOUT INDIVIDUAL INCOME TAXES EXPERIENCED

01 slower economic growth
02 slower growing average income for residents
03 little to no improvement on the economic outcomes of residents despite population growth
04 higher tax burdens on the poor than states with the highest tax rates.[3]

"Without exception, the lowest state and local tax rates in the nation for high-income taxpayers are confined to the nine states that do not levy personal income taxes."

PROMOTING AN EQUITABLE TAX SYSTEM IN MISSISSIPPI

To equity within the state's tax code, state lawmakers should:

- Implement a more graduated personal income tax rate structure.
- Eliminate retirement income tax exemptions for the wealthy.
- Reduce the state's reliance on sales taxes.
- Broaden the state's corporate income tax base.
- Restore an estate tax on high levels of wealth.

State lawmakers should also implement the following policies to lift up low-income families and enhance racial equity in Mississippi:

- Provide refundable tax credits for workers, renters and families with children.
- Raise the minimum wage.
- Fully fund education.
- Expand Medicaid.
- Eliminate fines & fees collections based on one's ability to pay.
- Pass a state equal pay law.
