

## Standing Joint Legislative Committee on Reapportionment and Standing Joint Congressional Redistricting Committee

The Joint Committees will be conducting a series of public hearings to obtain citizens comments and suggestions on the redistricting efforts of the Mississippi Legislature. Following each census, the Legislature must redistrict both the state's Congressional districts and the districts of the Mississippi House of Representatives and the Senate to comply with federal and state constitutional requirements. Members of the public are encouraged to attend and participate in these nine hearings which will be held throughout the state.

Additionally, these hearings will be live streamed on the Mississippi Legislature's YouTube channel which can be accessed through the Mississippi Legislature's website:
